IRIS

1960

Wisconsin State College

Stevens Point, Wisconsin

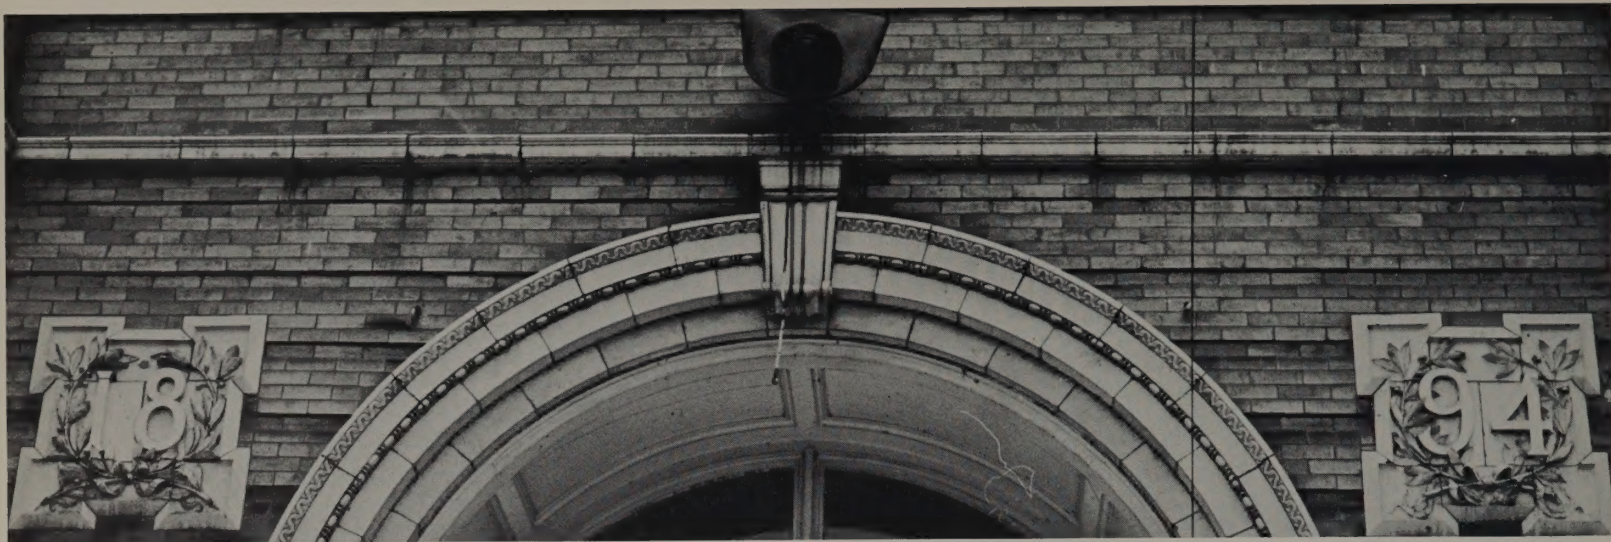

A black and white photograph of a modern building. The building features a large, multi-paned window on the upper floor. A person is standing near the entrance on the right side. The word "SHADOWS" is printed in large, bold, serif capital letters across the bottom of the image.

SHADOWS

OF

1960

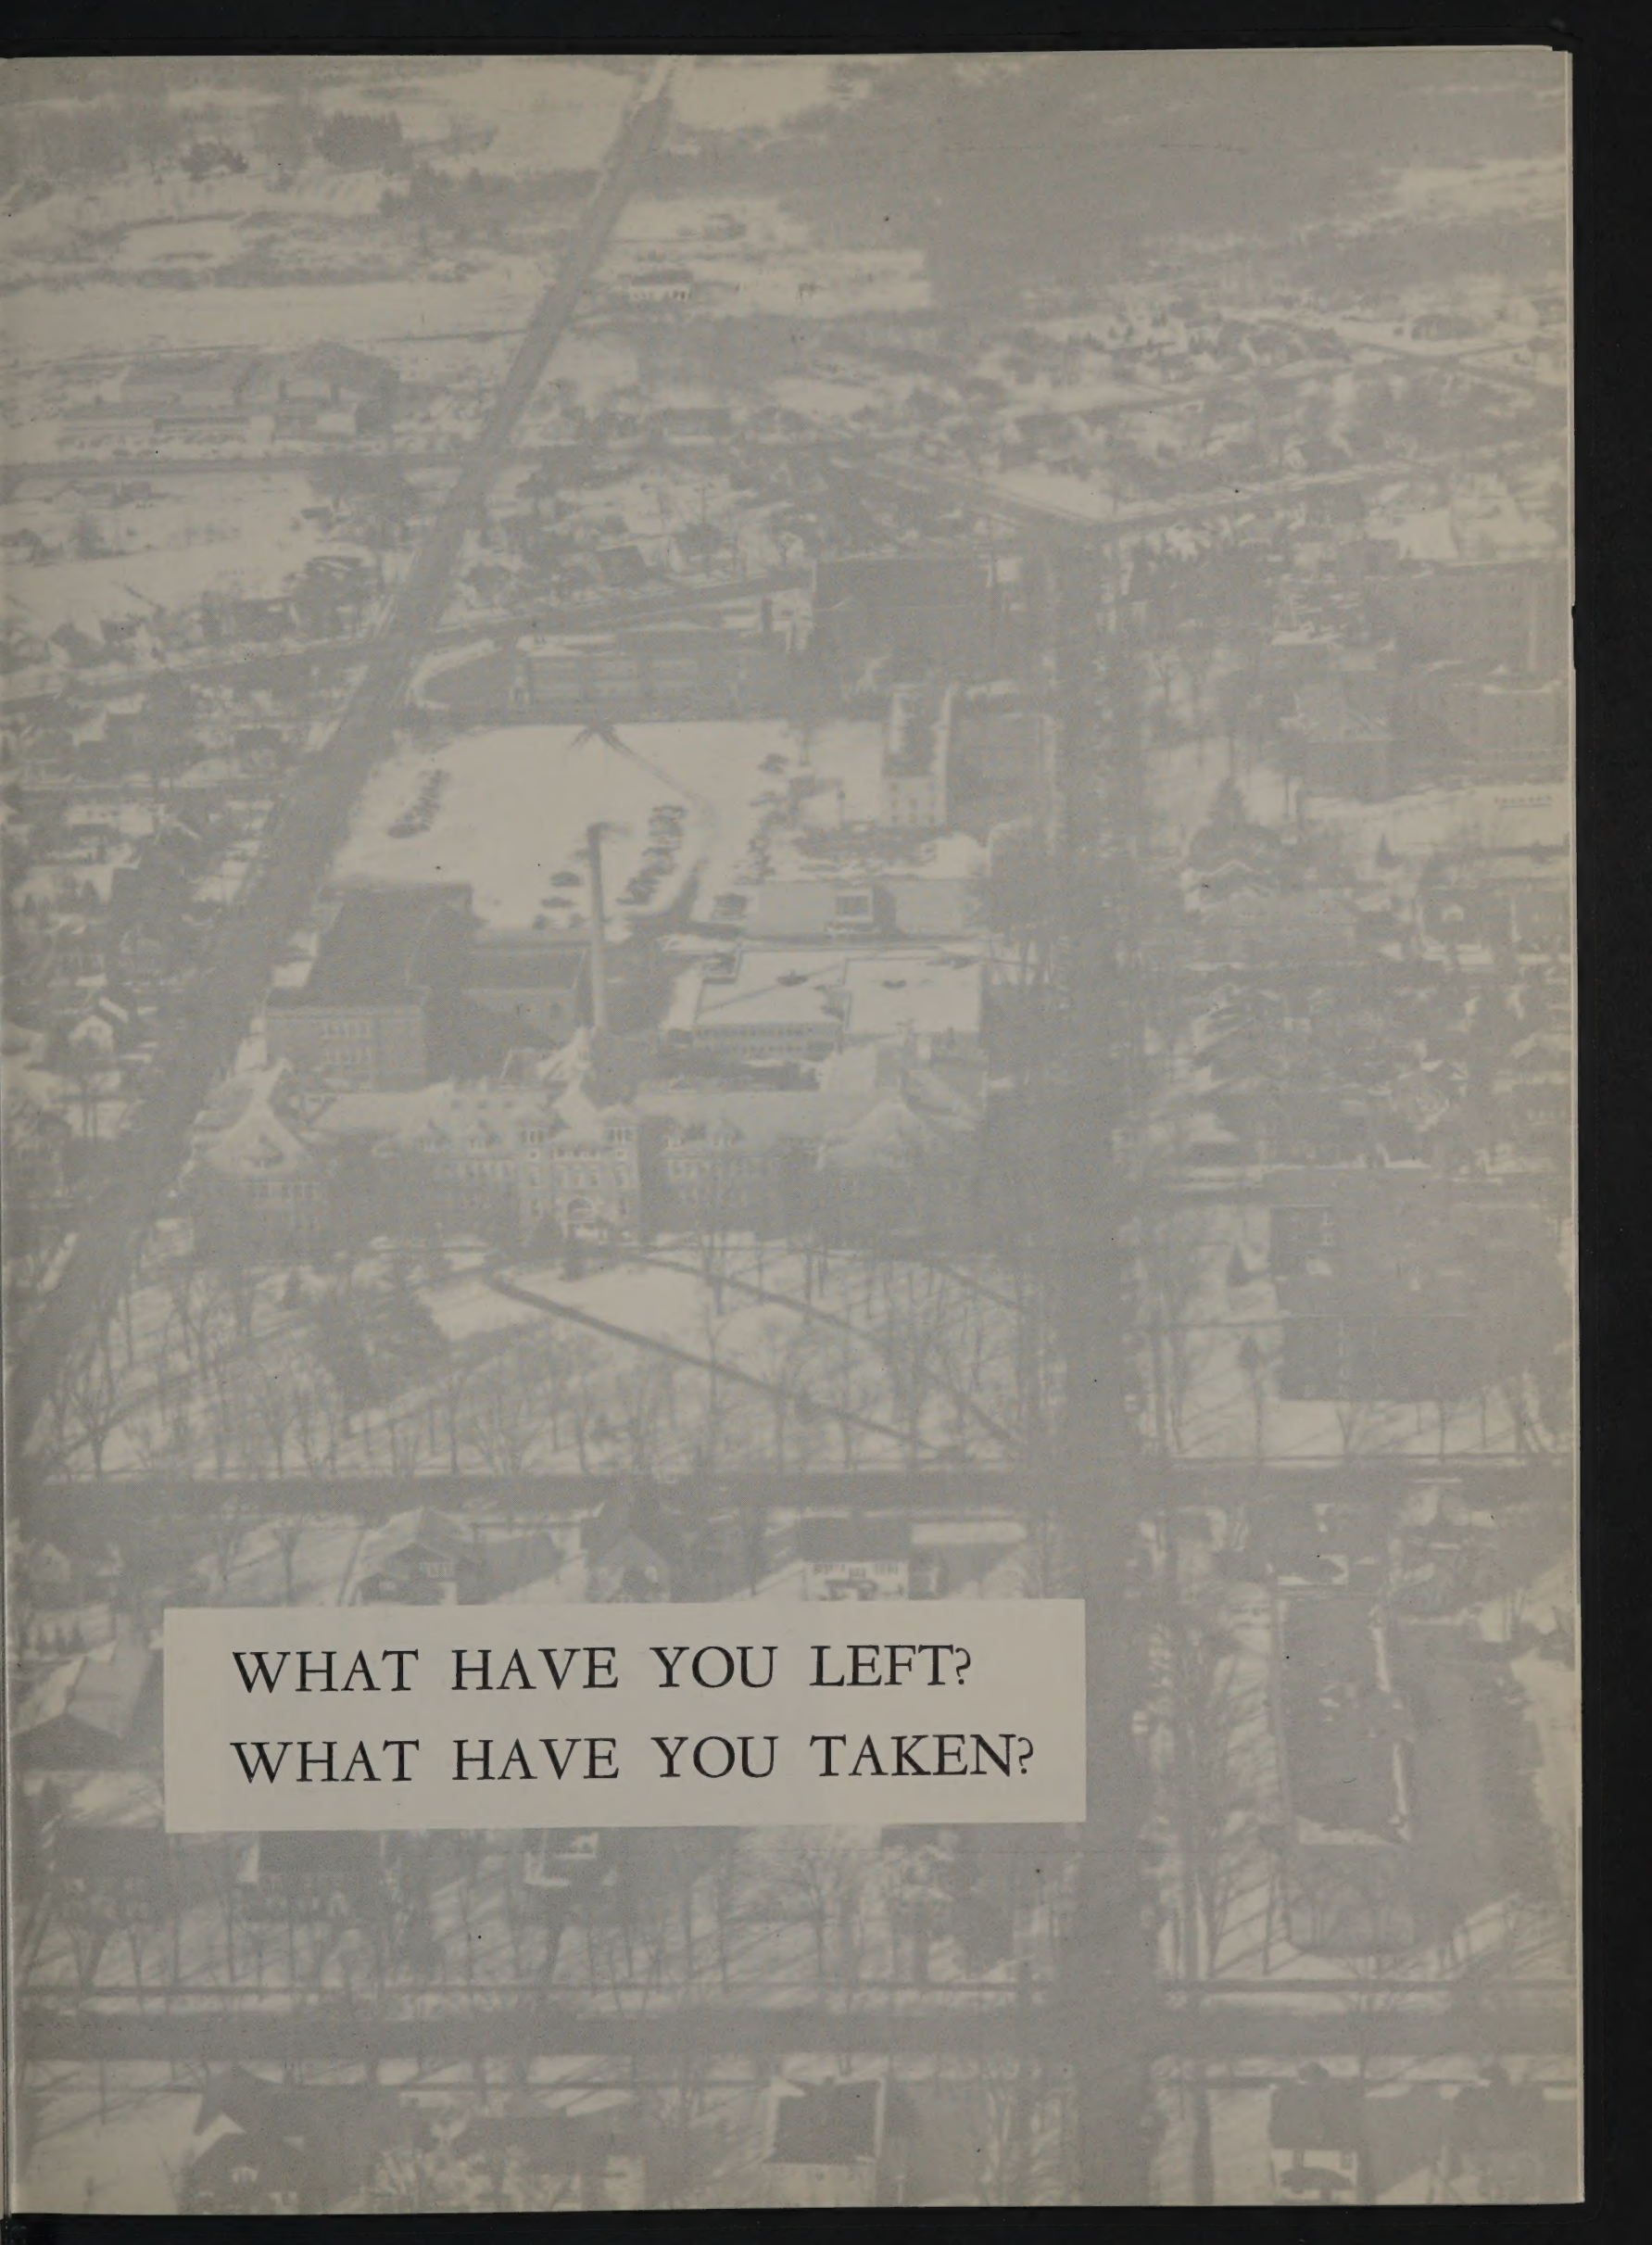

IN DEDICATION

A school is built of brick and mortar. As time goes by, depreciation occurs and the physical plant shows need of repair. The addition of new lighting and new paint finds fragments of life being secured and cemented into the walls, the desks, the very air of the building. Every student who passes through as a freshman and exists as a senior absorbs and adds to the life of C.S.C.

Each course you take, every phase of your college life leaves an indelible mark upon you and the traditions of the school.

The Iris staff wishes to dedicate this year's Iris to the memories that have lingered and have become interwoven into the tradition of C.S.C.

An aerial photograph of a city in winter, showing a dense residential area with many houses and a large industrial or commercial complex in the center. A prominent road or railway line runs diagonally across the upper left. The ground is covered in snow, and many trees are bare.

WHAT HAVE YOU LEFT?
WHAT HAVE YOU TAKEN?

Shadows . . .

The events of college life soon become mere shadows of memories in the depths of a busy mind. The **Iris** has attempted to recapture, within the limits of printer's ink, the events and activities that created those memories. Each page shadows the essence of education — people, work, fun. The **Iris** binds them together in a synopsis of 1960.

THOSE WHO FORE

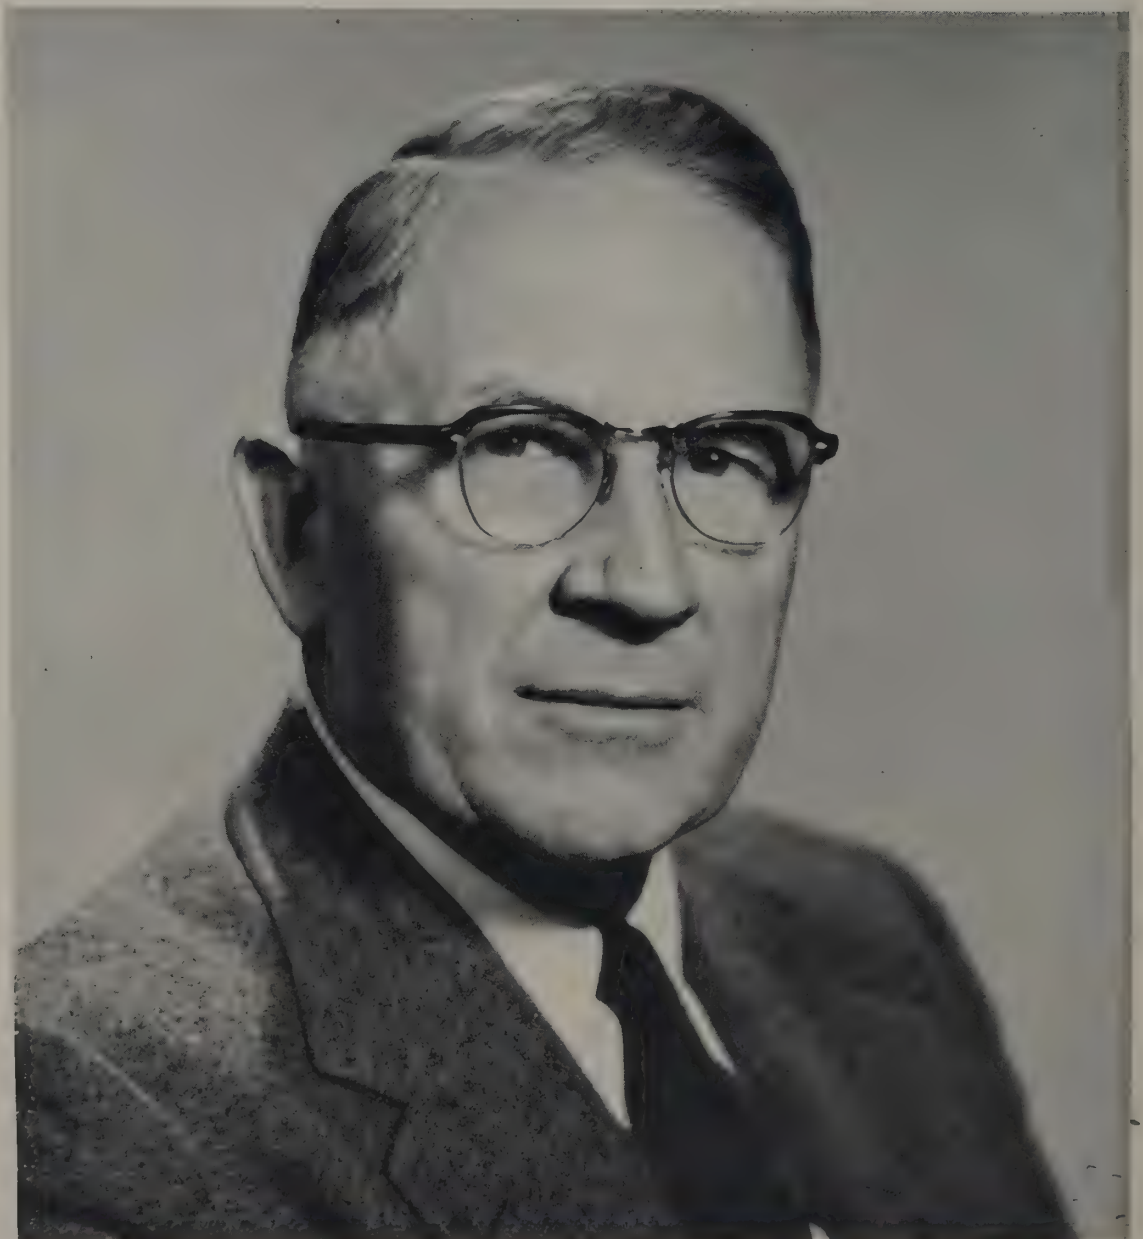

CAST THE SHADOWS

SHADOWS OF CENTRAL STATE COLLEGE

The theme is intriguing because it might lead one off in several directions. Shadow, however, imply a source of strong light. There are no shadows on a cloudy day. The light of Central State is its instructional program, its faculty, its library, disseminating knowledge, developing understandings and appreciations, trying to light up the "shadows" in its college area and in the areas to which her graduates go to serve. So when we refer to the extent to which a college has cast its shadow, either in terms of time or place, we really mean the extent to which its light has gone out to dispel shadows in the living, the thinking and the belief of those whom it has touched. In that enterprise each of us can serve to extend the influence of our college, to our credit and to hers.

After teaching for approximately thirty eight years, Miss Emily Wilson has decided to retire. She joined CSC's faculty in 1921, possessing a B.S. degree which she obtained at Kansas State Teachers College in 1917; a Ph.B. degree from the University of Chicago in 1918; and teaching experience obtained from four high schools located in Kansas, Idaho, and Illinois. During the school term of 1924-25, Miss Wilson took a leave of absence, enabling her to do graduate study leading to the M.S. degree she received at Kansas State Teachers College in 1930.

While at CSC, Miss Wilson held classes in English and Home Economics. She left the staff this year due to illness, but returned in May to complete her last semester of teaching.

We hope that while she is gone, she will not forget her many friends and students at CSC and that she will return for many visits.

The United States is fortunate in that it requires each child to attend school until he is sixteen years of age. Those of you who own this book have chosen to pursue your education towards a higher goal.

Perhaps that ambition was encouraged by a faculty member in your earlier education. When you consider that a portion of 180 days per year for sixteen years is spent in a classroom, it would seem logical to assume that many ideas and ambitions had been born of a teacher's guidance.

Each of us have respected and admired some faculty member. Only when many of us take our place in this influential role of teaching will we fully appreciate the faculty. As you turn the following pages, think not of the late hours studying or the low grades but what you have learned.

ART

The art department offers courses in drawing, color and design, interior decoration, art history, art appreciation and various crafts including clay modeling, leather tooling and carving, copper tooling and enameling. Outdoor sketching is followed by water color and oil painting.

An art minor is offered which includes 20 credits.

Edna Carlsten
B.A.E., Associate Professor of Art

Henry Runke
B.S., M.S., Assistant Professor of Art

Norman Keats
B.S., M.S., Instructor of Art

BIOLOGY

The courses offered in biology are both intensive and extensive in nature. They are designed to meet the needs of students in four general categories: general education and liberal arts foundations; teacher preparation — both elementary and secondary; pre-professional — college teaching, research biologists and other professional fields; and foundations and prerequisite training in technical and applied fields.

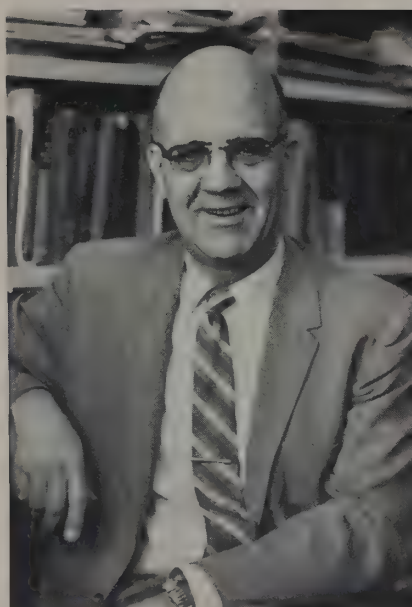

Edgar Pierson
B.S., M.S., PhD., Professor of Biology

CHEMISTRY

Our chemistry department is progressing and expanding. New laboratories, due to open in 1961, will give us more working room and less congestion. The staff, numbering five in 1959-60, will be increased to six in the fall of 1960.

Both major and a minor in chemistry are offered. Graduates with a major in chemistry find employment in high school teaching or in industry. An increasing number are going on to master's and doctor's degrees.

ECONOMICS

Economics is one of the social sciences which can make an important contribution to a student's general liberal arts background. It should be helpful in understanding important economic problems at both the national and international level.

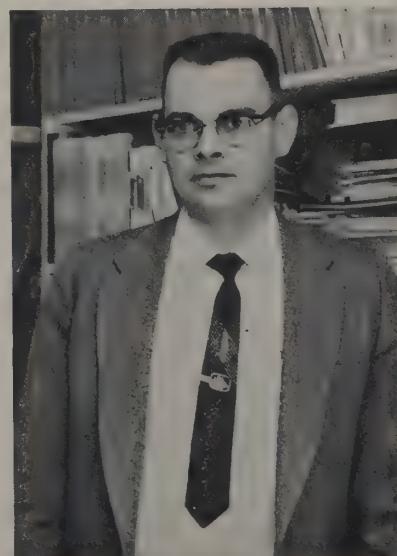

Courses in economics are the basis of later programs in business administration. An economics major provides a good general background for careers in special fields such as insurance, accounting, and business teacher education, as well as in business and government.

EDUCATION

Burdette Eagon
B.S., M.S., EdD., Professor of
Education

The main objective of the education department is to give students an understanding of young people and the community in which they live. In this way, the students of C.S.C. will be capable of meeting the increasing demand of American youth for superior teaching and guidance.

Marjorie Kerst
B.E., M.S., Assistant Professor
of Education

William Clements
B.S., M.S., PhD., Professor of
Education

Literature, composition, and criticism are just a few of the aspects which the English department offers to our students. Courses are offered in the novel, poem, essay, play, and short story through which students become acquainted with all types of literature.

Through these studies, students are provided with all the opportunities to enjoy this world through a mastery of the English language.

GERMAN

The German department, under the leadership of Dr. Kroner, is presently offering a major in this field of study. The student not only learns to speak the language but benefits culturally with the greater emphasis being placed on conversation.

Peter Kroner
A.B., M.A., PhD., Associate
Professor of German

Frank Crow

HISTORY

The history department is one of the largest departments, with a wide variety of courses from which to choose. History has been one of the best known majors in the college. Majors in history can choose either European or American history to major in and take twelve credits specifically in that field of history. Graduates from CSC are required to earn six credits in American history.

HOME ECONOMICS

The Home Economics Department is unique here on campus because it presents a block program of off-campus teaching. Student teachers are required to take four weeks of this off-campus teaching, but they may extend it to seven weeks. The department has been federally approved to graduate teachers for work in vocational schools.

MATHEMATICS

A major in mathematics consists of a minimum of thirty-one credits, and a minor consists of eighteen credits. Mathematicians are essential in our technological society. Positions in teaching, research, and business are open to students with a mathematics major.

MUSIC

As of last fall Central State was the first of the state colleges to offer a Bachelor of Music degree in Music Education. The major offers students the opportunity to specialize in the arts, teaching, or professional courses. Graduate students who are trained in music are in increasing demand.

PHILOSOPHY

A minor in philosophy consists of a minimum of eighteen credits in philosophy. Four of these credits may be selected from colloquium. Courses in metaphysics, the history of philosophy, ethics and value theory, and symbolic logic are available.

PHYSICS

Physics, a vital field in the modern world, is the newest of the science majors offered at C.S.C. Lecture sessions correlated with laboratory experiments create a balanced study of theory and practice.

PHYSICAL EDUCATION

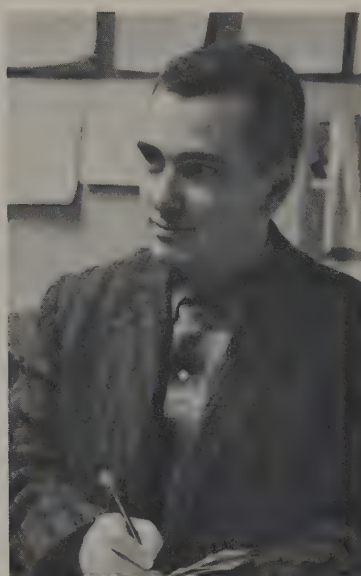

A minor in physical education is offered to the men and women on campus. It consists of twenty credits in the field itself plus education courses and practice teaching. One of the enjoyable courses is rhythmic, in which most of the men claim they have three left feet. Group games and social recreation are offered to students, giving them the experience in working in primary and secondary games.

Eugene Brodhagen
B.S., M.S., Assistant Professor
of Physical Education

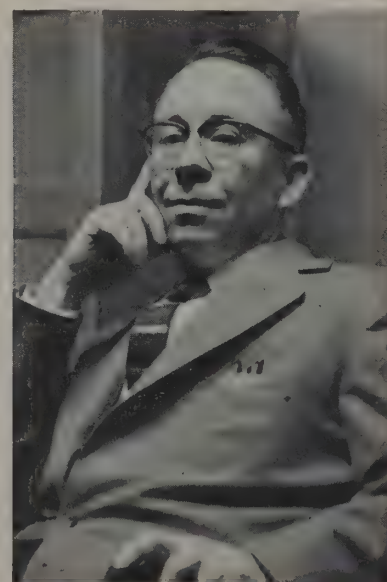

Marjorie Schelfhout
B.S., M.Ed., Instructor of
Physical Education

Duaine Counsell
B.S., Instructor of Physical

POLITICAL SCIENCE

A minor in political science consists of a course in American national government and fifteen additional credits in political science with some courses selected from each of the four fields: United States government, comparative government, political theory, and the international field.

Garland Fothergill
B.A., M.S., Associate
Professor of Political Science

PSYCHOLOGY

A background in psychology is valuable for everyone, especially for future teachers, parents and welfare workers. It helps the individual not only to understand himself but also the society in which he lives. Courses in biology, sociology, and statistics are recommended as good background material for this field.

Albert Harris
B.E., PhM., Associate Professor
of Psychology

Lucille Johnson

A.B., B.S., M.A., Assistant
Professor of Psychology

SOCIOLOGY

A major and minor are offered in sociology. Students in this field may go into teaching or into the various phases of social work. Considering the emphasis on the role of the social worker in our various institutions, this is a very promising field of study.

Gladys Ishida

B.S., B.A., PhD., Assistant
Professor of Political Science

SPEECH

C. S. C.'s department of speech, with its new major, has attracted both students preparing for careers in business or the professions as well as students in all areas of education. Course offerings have been broadened to include speech correction, phonetics, voice science, dramatic literature, argumentation, and persuasion, discussion, technical theatre, and creative dramatics. A growing number of students realize that speech skills, effectively practiced, "strengthen the society which they serve."

The physical education instructors watch
President Hansen lay the cornerstone
for our new athletic building.

Construction of the athletic building is well underway.

Adapted from "What is a Football Player", by Charles Loftus, Yale University

BETWEEN the innocence of boyhood and the dignity of man, we find a sturdy creature called an athlete. Athletes come in assorted weights, heights, jersey colors and numbers, but all athletes have the same creed; to play every second of every minute to the best of their ability.

ATHLETES are found everywhere — teammates rib them, officials penalize them, students cheer them, kid brothers idolize them, coaches criticize them, college girls adore them, alumni tolerate them and mothers worry about them.

AN ATHLETE is a composite — he eats like Notre Dame, sleeps like Notre Dame, but, more often than not, plays like Grand Canyon High. To an opponent publicity man, he has the speed of a gazelle, the strength of an ox, the size of an elephant, the cunningness of a fox, the agility of an adagio dancer, the quickness of a cat and

TO HIS own coach he has, for press purposes, the stability of mush, the fleetness of a snail, the mentality of a mule, is held together by adhesive tape, bailing wire, sponge rubber and has about as much chance of playing on Saturday as would his own grandfather.

AN ATHLETE is a wonderful creature — you can criticize him, but you can't discourage him. You can defeat him, but you can't make him quit. Might as well admit it — be you alumnus, coach or fan — he is your personal representative, your symbol of fair and hard play. He may not be an All-American, but he is an example of the American way. He is judged, not for his race, not for his religion, not for his social standing or not for his finances, but by the democratic yardstick of his ability.

HE IS A HARD working, untiring, determined kid doing the very best he can for his school or college. And when you are feeling upset that your team has lost, he can make you feel mighty ashamed with just two sincerely spoken words — "We tried!"

They cheered us on to victory.

C. S. C.'s 1959 football team was chosen by the conference coaches as title contenders. The Pointers opened their season September 12, 1959, with an impressive non-conference victory over Hamline University of St. Paul, Minnesota at Goerke field.

The Pointers' second game of the season is one which will long be remembered. On September 19, the Pointers traveled to River Falls for a non-conference game, at least every one from Central State believed that it was to be a non-conference game. The final score was 13 to 7 in favor of River Falls. We had been defeated in our first conference game.

The Oshkosh State Titans put a clamp on CSC's title hopes as the two teams fought to a 7-7 tie.

Perhaps the best game the Pointers played this season was against Milwaukee at Goerke field. The Pointers scored the game's only point in the final minutes of the first half.

With two of our first string players out of the game, due to injuries, the Pointers were under-dogs against the highly rated Warhawks in this year's Homecoming game. The Pointers battled the Warhawks for three and a half quarters before losing 19-3.

The Pointers finished the season when they suffered their third conference defeat at the hands of a strong Superior team. The final standings found the Pointers in a tie with Milwaukee for fourth place with a record of three wins, three losses and one tie.

Coaches Quandt and Counsell

Running, driving, charging, and winning; that was the CSC basketball team for 1959-60. The Pointers were chosen as pre-season favorites to win first place honors in the conference by the conference coaches. However, difficulties such as injuries and ineligibilities all combined to hurt the team's chances, just when they seemed ready to roll. Another disadvantage to the Pointer team was that its home games were played in the P. J. Jacobs High School gym — a site where practice sessions were infrequent because of other demands on the facilities.

Next season, however, CSC will have its own fieldhouse completed and the new surroundings may prove to have a big effect on the cagers' performance.

Tournament winners at CSC.

In spite of the break-up of last year's veteran championship squad, the Pointers compiled a better than average record. The overall strength of the team appears to have shifted from the upper weights to the lower, with a number of the state's best grapplers competing for positions on the squad.

The wrestlers plan to emerge from their smoke filled lair next fall and migrate to newer quarters.

The Wesley group received an excellent opportunity this year to purchase a house. A great effort was put forth towards its purchase and organization by interested members. Its activities thus far include weekly cost suppers, choir rehearsals, and meetings. This effort took the greater part of the group's time but they also found time to enter songfest and to participate in a winter and spring frolic.

Student choirs are active on campus.

CANTERBURY

Canterbury, the religious group for Episcopal students, meets weekly at the Parish House of the Church of the Intercession. At this time and on Sunday mornings, the group carries on discussions of religious concepts.

INTER-VARSITY CHRISTIAN FELLOWSHIP

The newly formed Inter-Varsity Christian Fellowship was organized with the purpose to promote interdenominational relationships. Dr. Lee Burrell has served in the capacity of advisor. The activities of the group included daily and weekly Bible study groups; and the support of mission work was encouraged.

LUTHERAN STUDENTS' ASSOCIATION

Members of the Lutheran Students Association began the college year with a banquet. New members were welcomed and Bible study groups were formed which met twice a week. Although pri-

marily a spiritual group, the members enjoyed roller-skating parties and old fashioned pan cake suppers which were prepared by the men.

TRIGON

Trigon is the organization for all Presbyterian, Congregational, and Evangelical and Reformed students. This group strives to give its members the proper balance of spiritual guidance and social activities to help promote better Christian living. Trigon members enjoy pancake suppers, tobaggan parties, and hay rides.

ROGER WILLIAMS

FELLOWSHIP

Each Tuesday afternoon finds the closely knit Baptist religious group joining together for a moment of spiritual reflection. One of the special speakers of the year was the Reverend Frank Johnson, co-director of the Baptist student center at the University of Wisconsin at Madison.

New students were welcomed at a delicious chicken dinner in September. The month of October brought a Sadie Hawkins party complete with all the Little Abner characters. The combined Protestant religious Christmas party was a success. The caroling of the group brought joy into many people's hearts at the hospital and as they scurried about doing their Christmas shopping. Spring found a joyous hayride and another successful year was completed.

Newman Hall, in its second year of operation, was the hub of the many and varied projects carried out by the Roman Catholic students on campus. The club's members not only received a fine initiation supper and the KC Valentine Dinner and dance but gave of their time and effort in Christmas caroling at the hospital and sanatarian and in their Christmas crib project. The bi-monthly meetings held at Pacelli High School administered to the spiritual needs of the group. The highlight of the year was the province convention held at Central State in April. The local members worked hard to make it a success and enjoyed themselves royally as well.

Gamma Delta forms the religious organization for the Synodical Conference Lutherans. New students were welcomed with a fall picnic. There was a fall convention at Eau Claire and a winter camp at Houghton, Michigan. The well-known Gamma Delta choir sang for the annual Lenten service. The spring activities were concluded with a farewell picnic, thus completing a year of social as well as spiritual work.

Time out for a weekend of fun at Winter Camp, Houghton, Michigan.

The end of a pleasant evening.

ALPHA GAMMA

Alpha Gamma is the social science organization on campus. It sponsors several social hours for its members and guests throughout the year. This year's guest speakers included Mrs. Georgia Cozzini, who spoke on the Socialist Labor Party; Mr. Thomas F. Ellerbe, Jr., the Director of Public Relations of the Farmers' Union Central Exchange at St. Paul, Minn.; and John McMurry and George Riley, who both spoke on Civil Service.

Scholarship winners Beth Janke, Delores McHugh, Margaret Worzella, and Mrs. Jones.

Almost all of the present majors and minors are members of the Home Economics Club, making the largest enrollment in the club in recent years.

Since the organization of debate in 1958-1959, its membership has greatly increased. Debate is a major activity of the speech department; debators utilize their skills at tournaments. This year the question was: Resolved that Congress should have the power to annul or reverse decisions of the Supreme Court. Much time and effort has resulted in an interesting development of approaches to the problem. At the first tournament, which was at Oshkosh, Jerry Bower was chosen the top debator. CSC's debate did well in all of the tournaments, and the experience gained will help build a still stronger team in the future.

BAND

The 1960 Pointer band of Central State College completed another year of outstanding musicianship under the baton of conductor Paul Wallace. Highlights of the year included the usual band tour, spring concert and a pop concert which was given in the latter part of May. The tour covered Columbus, Necedah, Wisconsin Dells, Adams-Friendship and the final concert at Stevens Point. "The Three Japanese Dances", "Jesus Wept", and the "Jubilation Overture" are a few of the works included in the many and various programs presented.

ALPHA SIGMA ALPHA

The Alpha Sigs began their social calendar with the Hello! skit for the freshmen during orientation week. The theme for their fall tea was "Tulips in Teacups." The decorations included Dutch windmills, wooden shoes, and tulip gardens, a real Dutch Paradise. Homecoming festivities were especially bright, for two of the queen candidates, Carol Chrudimsky and Gerry Huebner, are Alpha Sigs.

There were many fun filled days during rushing season, but the fun had only started then for the pledges wearing the red and white beanies for six weeks.

The Alpha Sigs took an active part in presenting the Inter-Sorority Formal, and completed the year, doing their best in Songfest.

That marriage booth is interesting.

OMEGA MU CHI

The Omegs began the year with their freshman tea, "College Debut," a typical college sorority party. Other activities followed such as the Homecoming banquet which was held at the Hot Fish Shop. Judy Garot and Pat Otto were the Omeg queen candidates.

We could tell Christmas was approaching! How? Because the Omegs were again busying themselves by working on

Christmas projects for their annual Christmas bazaar.

The coming of February meant the coming of rushing season which ended with a formal initiation and dinner.

May ushered in the last activity, an Omeg-Phi Sig picnic which will always be an unforgotten, fun filled memory on the Omeg calendar.

Future pledges, we hope.

PSI DELTA PSI

The Psi Delts launched their social season with their fall tea titled "On the Trail" from "Grand Canyon Suite." The theme was built around the fireplace decorated with pewterware, with a spinning wheel and pioneer woman completing the picture.

Although the sorority is new, the members participated in the preparations for the annual Christmas party, the Greek Dance, the Inter-Sorority Formal, and Songfest. The Psi Delts are increasing in number, adding four in fall and becoming an active part of CSC.

TAU GAMMA BETA

The Tau Gams held their fall tea, "Tea by the Sea," September 27. Seaside silhouettes covered the walls. Driftwood and seashells added to the seaside atmosphere.

Homecoming was especially thrilling this year. Why? The queen was a Tau

Gam, and their float won first place in the serious division.

Second semester proved to be just as exciting and fun filled as the first, with Songfest, Inter-Sorority Formal, and last but not least, the Cotton Swirl. Were they busy? You bet. But it was fun.

TAU KAPPA EPSILON

Tau Kappa Epsilon is the largest national social fraternity with over 160 active chapters from coast to coast in the United States and Canada.

The local chapter is active in many campus, civic, Wisconsin Province, and national affairs.

On the campus level are listed such things as Homecoming, Songfest, and

intramurals. Frequently the chapter does community service work for the Chamber of Commerce as a local charity.

At the close of the school year, the Tekes entertained Mom and Pop on Parents' Day.

Socially the Tekes have regular functions with the sororities, little Brother parties, date parties, and stag nights.

PHI SIGMA EPSILON

The familiar event during the pre-Homecoming campaign was that of the Phi Sig sponsored Queen's Dance with the music of Bob Chesebro.

Soon after, the fraternity sponsored the "Ugly Man" contest which resulted in one of their brothers, Willy Hack,

being named "Ugly Man."

The months that followed brought in a number of activities such as the regional conclave in March, the famous Phi Sig Style Show, pledging, and to end the season, the Omeg-Phi Sig baseball picnic.

SIGMA PHI EPSILON

This fall saw the return of the Sig Eps, in their new blazers, on this campus as well as on some 150 other campuses across the nation.

To begin a very successful year the Sig Eps had the honor of having their candidate, Jo Van Ornum, crowned as queen at the annual Sig Ep Homecoming Assembly. The men in this chapter also helped build the float of their sister sorority, Tau Gamma Beta, which won first

place.

The Christmas trees which were placed in the main building at Christmas time were one of the projects of the fraternity. Other activities included banquets, functions with the Tau Gams, district leadership school, a regional basketball tournament held at Peoria, Illinois, rushing parties, and participation in the I.E.C. softball.

ALPHA BETA RHO

Alpha Beta Rho, a constituent of the Inter-fraternity Council, actively participated in the school functions of the first semester by sponsoring Carol Chrudimsky for Homecoming Queen. The Alpha Sigma Alpha float was built in conjunction with the fraternity. Besides the Ugly Man Contest, Fall Banquet, and numerous parties, they sponsored the Sweater Dance which was a huge success.

Second semester events included participation in the inter-fraternity softball league in which they attained second

place last spring, the Spring Banquet, and their annual smelt fry.

The fine quality of this local social organization compiled for the third consecutive semester the acme of scholastic standards of the four fraternities.

INTER-SORORITY COUNCIL

The Inter-Sorority Council is a means by which the members of each sorority unite in activities for their mutual benefit. The Greek sisters sponsor events such as the Inter-Sorority formal and join together with the fraternities to

sponsor the Greek dance. Members learn to work, not only with their sorority sisters, but with all their Greek sisters. This council also advises in regard to sorority rules and regulations.

SIASEFIS

The Siasefis contributed spirit to the Homecoming festivities. Although their float did not win first place, their spirit was not dampened. Their Homecoming dinner at the Red Mill was one of their great social activities of the year. Their other highlights of the year were the Christmas party at the Platwood Club

where presents were exchanged and many were surprised; the trips to back the Pointer football and basketball teams at Oshkosh; the Spring Formal at Iverson Park held for the relaxation of members and guests before the final examinations; and the pledging activities through which new men were added to keep up the traditions of the Siasefis.

activities as bowling, volleyball, and softball. The “Welcome Back” party which initiated the second semester was again successful. The 550's proudly state that they are the only social organization on campus that has a Student Council representative.

INTERNATIONAL STUDENT ORGANIZATION

The achievements of the newly formed International Student Organization should not be underestimated. Needless to say, these students who came to CSC from foreign countries encounter many

obstacles. This organization helps them adapt to our culture by sharing experiences and by providing mutual friendships. An annual banquet is held where members may invite other students.

The governing body of CSC, the Student Council, is very active. This group organizes and directs the Homecoming program, takes care of the student mail boxes, helps to set up the Calendar of Events, and makes up the student handbooks.

Alpha Psi Omega and College Theater present "The Diary of Anne Frank".

COLLEGE THEATER

College Theater started the year off by winning third place with their Homecoming float. After that, the members began planning for the presentation of three plays: "Diary of Anne Frank" directed by Miss Mary Elizabeth Thompson; "The Crucible" and "Playboy of the

Western World," both directed by Mr. William Dawson. Although a few bats made their debut, the plays were successful. Under the advisorship of Miss Pauline Isaacson, receptions were held for the participants of various theatrical groups who came to perform at CSC.

ALPHA PSI OMEGA

Alpha Psi Omega sponsored the play "The Diary of Anne Frank" on November 9, 10, and 11. Alpha Psi members taking part were: Patricia Pronz and Jack McKenzie, Anne Frank and Otto Frank, respectively; Gary Manteufel as student director. This group in collaboration with College Theater presented a tea for all students interested in dramatics at the beginning of the school year.

The Young Democrats have been exceptionally active this year, probably due to the forthcoming presidential election. They have sponsored addresses by Senator Humphrey, Attorney-General John Reynolds, and Mrs. Eugene Anderson, former ambassador to Denmark. In addition, the college professors have been asked to give lectures on political problems of government as part of an educational series sponsored every other week. The Y Dems also expressed their views over the new radio station, WDSN, and by means of a weekly paper.

The YGOP which is organized to foster a consciousness of Republican politics among the student body was the first Republican organization in the state of Wisconsin to endorse Phillip Kuehn for governor. This active group also sponsored buses to travel to Wisconsin Rapids to hear Vice President Nixon as he honored Congressman Melvin R. Laird at his testimonial dinner.

COLLEGE UNION BOARD

The College Union Board is the governing body which solves any problems that may develop in the Student Union. The Union Board sponsored two dances during Freshman Week and several record dances throughout the school year. Dances were held just before Thanksgiving and Christmas vacations for the students' enjoyment. An Open House

was held at the Union during Homecoming week-end for alums and friends to visit their school. Another activity sponsored by the Union Board was an Easter egg hunt for the children of faculty members. These activities helped introduce the college to the community and outside areas.

WOMEN'S RECREATION ASSOCIATION

The Women's Recreational Association invites all college women to participate in their various recreational activities. Bowling, volleyball, basketball, and trampoline are a few of the activities that help keep the women's figures trim. Sponsoring the traditional "Christmas Cheer" gives the women a chance to play hostess, as they serve cookies and cider to the students and faculty. The year is ended with a steak fry and presentation of awards.

"S" CLUB

"S" Club is an organization for all athletes who win a major letter. The club buys letter jackets for athletes who have won three letters in one major sport. The members sponsor the Homecoming dance and a Homecoming queen candidate. The "S" Club also provides free programs for all the games of the year.
